一间办公室，两个角色，三次会面。怎知，二人的会面，竟成为女学生指控教授性侵犯的依据。到底教授有没有侵犯女学生的意图？到底女学生提出的指控有没有根据？

An office, two characters and three meetings. However, who should expect that the meetings would become the basis for a case of sexual harassment? Does the professor really harbour the intention of violating the female student? Does the female student have any grounds to file the criminal suit?
