There was once an old lady who had a prized possession - a goldfish 金鱼/jin yu.

When the old lady heard that a "goldfish" could grow up to a few metres long, she rushed home and started on her quest to grow the largest goldfish in the world! Little did she know, the "goldfish" she heard about was actually the whale 鲸鱼/jing yu.

Goldfish, GO FISH! - a fun, quirky and thought-provoking puppetry performance for the **WHOLE FAMILY!** Through music, movement and lots of shadow puppetry visuals, tells a heart-warming, enchanting tale for the child with you and inside you!

Performed mainly in English with a mix of Mandarin Dialects & Malay, 60 minutes (with no intermission)
