Little Miss Boleh

Have you ever wondered, what if
you didn't bring money for food?

Have you ever wondered, what if
you don't have a can opener
when you need to open a can?

Have you ever wondered, what if
a cockroach appears and you
don't have any pesticide?

Have you ever wondered, what if
you don't know your way,
and don't have a map?

Have you ever wondered, what if you're
home alone, and need to take care of
yourself?

Little Miss Boleh's classmates say that
she's a very smart girl, but the adults
say that she doesn't know anything,
not even simple life skills. Where is the
problem then?

One day, Little Miss Boleh met an animal,
she looks at it, it looks at her; they are
both surprised! What did Little Miss
Boleh see? What happened between
them? Who's the problem now?
